WASHINGTON, D. C., April 11.—Secretary Lansing confirmed the report that Arthur Balfour, British foreign minister, will arrive in the United States shortly at the head of a commission of British international experts. No details of the personnel or date of departure are given.

FOREIGN FLYERS BACK TO FLAG

AMERICAN AVIATORS IN FRANCE WILL FIGHT FOR THEIR TRUE COLORS

(By Associated Press.)
PARIS, April 11.—It has been decided that the Lafayette flying squadron composed of Americans who distinguished themselves at the front will change from French to American military uniform and carry the American flag at the French front.

FRENCH OFFICERS HELP IN TRAINING

DISABLED FOR ACTIVE SERVICE WILL ACT AS INSTRUCTORS AT HARVARD

(By Associated Press.)
CAMBRIDGE, Mass., April 11.—Intensive military training for men of the reserve officers military training corps at Harvard University was forecast today by the announcement of President Lowell that six officers of the French army would be added to the instructors at Harvard. They will bring to this country first-hand experience in the advanced methods of warfare.

Ambassador Jusserand, who had been asked by President Lowell to obtain for Harvard the services of officers disabled for active service sent word today that he has been informed by the French government that six French officers have left France under orders to report for duty at Harvard.

WAR FINANCING MEETS APPROVAL

PRESIDENT VISITS CONGRESS AND APPOINTS AN ASSISTANT SECRETARY OF TREASURY

(By Associated Press.)
WASHINGTON, D. C., April 11.—The president went to the house today for a conference with Speaker Clarke and other leaders on the war program. The war financing bills providing for five billions in bonds and two billions in treasury certificates, was unanimously reported for passage by the house ways and means committee.

SINKING OF A LINER WITH ONE AMERICAN

BRING YOUR FLAG IF YOU HAVE ONE

If you have any kind of a flag bring it out and tote it on your shoulders. Tonopah is not in the timbered country and flagstaffs are not as numerous as lagging. Just come along and you will be made welcome as the flowers in May.

The parade promises to be one of the most inspiring spectacles of the war and in this connection it is well to pay no attention to the rumor man who is spreading a lot of silly reports about trouble here and in other parts of Nevada. This miscreant has been trying to start something horrible and if any one can run him down it would be well to run him down the canyon and get rid of the pest.

finance committee, had held frequent conferences with Secretary McAdoo and prompt reporting of the measure to the senate is expected.

In order to prevent any possible financial handicap to the military needs of the country through delay in raising the \$1,750,000,000 proposed as the amount to be obtained by taxation, the ways and means committee decided to embody in the bond issue, authority to the secretary of the treasury to issue as needed \$2,000,000,000 in one year treasury notes to anticipate the tax receipts which will result from the war revenue bill.

The total thus authorized, should the committee's program be ratified by Congress, would be \$7,000,000,000 for the first year of the war, not all of which, however, would necessarily be spent. This is \$250,000,000 more than the administration leaders have been counting on. The different is regarded as a liberal estimate for expenses not now anticipated but which may arise.

AUSTRIAN WRECKS SHIP BY ORDERS

(By Associated Press.)
NORFOLK, Va., April 11.—Captain Kehrer, of the Austrian steamship Budapest, seized by the United States at Newport News, Monday, admitted to government officials that he wrecked the engines and machinery on instructions from a source which he refused to disclose. He received the order January 31st and carried it out immediately. The captain and crew are held by immigration officials for examination.

WISCONSIN AGAINST CONSCRIPTION SYSTEM

GOVERNOR SAYS HE CAN RAISE ALL MEN WANTED WITHOUT COMPUSSION

(By Associated Press.)
MADISON, April 11.—Raising an army by conscription is not favored by Governor Philipp, who telegraphed the president he believed such a plan unnecessary, and unwise. He said Wisconsin could recruit to full strength its quota of guardsmen promptly, or any additional force without a compulsory act.

LUXURIES TABOOED DURING WAR TIME

(By Associated Press.)
WASHINGTON, D. C., April 11.—To meet quickly the demands for ships, examination was made of the condition of the German merchant vessels in American ports which the government plans to use. General Goethals may be placed in charge of the construction of the great fleet of one thousand wooden ocean-going vessels for the shipping board.

In making exemptions from military service if Congress authorizes the draft, the government will take the position that if young men work in producing luxuries, their labor is not necessary and they will not be exempted. Just what will be classed as luxuries has not yet been determined.

BOMB MADE

(Continued from page one)

shrapnel shells. So far we have three explosions. Two of these were comparatively light, but the third was terrific, so powerful that a house 350 yards away was demolished.

The explosion, which was felt in Philadelphia, a distance of 15 miles away, occurred about 10 o'clock in what is known as the 10-F building, a two-story structure 50 by 300 feet. In this building time fuses were fired, more than 80 per cent of the workers being women and girls. Probably 50 men and boys were employed in the building at the time of the explosion, and the majority of them escaped.

A pall of smoke darkened the entire town, which has a population of about 5000. This was soon lightened by the flames from the buildings. Rescue squads were quickly formed, the entire Chester fire department responded and ambulances from Philadelphia and Chester soon were at the scene. A strong guard of Pennsylvania militiamen and cadets from the Pennsylvania military academy was thrown around the block.

Several bodies were fished out of the marshes 200 yards from the ill-fated building and it is feared that others may have been blown into the river, still farther away. All were mutilated.

There were numerous instances of heroism, Captain Walter Wilhelm, vice-president of the Eddystone Corporation, and formerly a national guardsman, braving smoke and flame to enter the wreckage, carried two persons to safety.

At first no one recognized the extent of the catastrophe. So great was the danger from exploding shrapnel that the trolley lines were tied up for more than an hour. Throughout the afternoon and until late last night Chester witnessed a pathetic scene. Thousands of friends and relatives of the victims walked the streets seeking information regarding missing members of their families.

William A. Drayer, one of the seriously ill, gave this account of his experience after he recovered consciousness:

"The first explosion sounded like the explosion of a five-gallon can of gasoline. When the third explosion occurred I was blown through the door near my desk to the side of a dinky locomotive which was standing on the railroad tracks east of the building. After regaining consciousness I noticed the flames bursting out of the structure. I saw a girl rush out with her clothing in flames. She stumbled and fell, and I tried to pick her up, but I was so weak that I also fell. Later another man rescued her."

The Eddystone Ammunition Corporation, which was organized originally by interests identified with the Baldwin Locomotive company and operated by those interests was taken over last September by a commission representing the British and Russian governments. Since that time this commission has been carrying on the manufacture of munitions for the entente allies.

The financial loss as a result of the explosion is estimated at less than \$25,000, not including the ammunition destroyed. Work was resumed today in all departments except the box, packing and charging departments. All departments will be in full operation by April 24, according to an official of the company. More than 10,000 persons are employed at the plant.

Williams O'Donnell, of Hazelton, Pa., who was in the pellet room when the explosion occurred, charged the Eddystone officials with laxity in the matter of hiring munition workers. He declared that many Mexicans recently arrived from the border were hired and that Germans and Austrians also were given employment.

It seems to us that in order to be up-to-date, the modern couple must have the divorce petition ready to file within fifteen minutes after the marriage ceremony.—Houston Post

DALE'S ADVERTISEMENT CARRIES A REPEATER

Housekeepers who are pre-servicing the Bonanza with the serial advertisement of the C. C. Dale Co., popular grocers, are reminded of an error in the Bonanza by which the consecutive number was duplicated. This fact may mislead readers of the Bonanza to reject one of the numbers and to avoid any mistake it should be remembered that the No. 24 call for the advertisements headed respectively "Robbery," "Prevented" and "The Supreme Courts Decide in Your Favor." Each of these carries the number 24.

FEDERAL FOOD

cause of high prices charged for machinery and seed.

Mrs. G. W. Mathis, of Alabama, said the south was in a critical condition and that Alabama has not enough food on hand to feed its population for 30 days.

Millions of good gardens as a means toward combatting the food shortage was advocated by Charles L. Pack, president of the national emergency food garden commission. "They will give millions of families cheap food," he said, "and will relieve the railroads of transportation problems which it is everywhere admitted will be too much for them. I have just come from Ohio, which enters the war with less food than at the outbreak of the Civil war when the population was half what it is today. In other states east of the Mississippi the situation is much the same. There is but one solution, and that is individual farming. Convert very back yard garden and vacant lot in every city, village and town into a thriving food producing garden and the civilian population will be self-sustaining."

Senator Phelan, of California, said the highest war strategy appeared to be the control of food supplies. This country, he said, must practice food economies as have the other belligerents if it expects to emerge victorious.

THE PREMIUMS

CONDITIONS AND RULES

Each advertisement numbered in the lower right hand corner. The numbers run from 1 to 27 (including two number 24 owing to an error. Both 24's must be counted).

Arrange the advertisements in rotation, with number 1 on top; number 2 under it and so on down to number 27, which will be on the bottom.

Face of the advertisements must be up, that they may be readily read and counted by turning the corner.

Pin all advertisements together at the top.

Arrange your advertisements in a neat bundle.

Write on a sheet of paper, the number of the advertisement which you think is the best advertisement of the lot, or which one appealed to you as the strongest advertisement, and in a few words tell why you think it is the best. You need not sign your name. Pin that sheet to your bundle of advertisements, and bring the bundle to the store, (or send it) after 9 a. m., Thursday, and before 6 p. m. Friday.

THE PREMIUM

The first ONE HUNDRED who bring (or send) these advertisements to the store as directed in the paragraph above, and purchase ONE DOLLAR'S worth of anything in the store, may have a CASSEROLE SET for \$1.50. (See description below.) The set is of genuine WELLER-WARE and is complete, and the \$1.50 covers the freight, packing and handling from the Weller Works to this country, to say nothing of the present cost of this kind of ware.

DESCRIPTION: The Casserole set is of genuine Weller-ware, consists of one casserole, two bakers and six custard cups. We have obtained just 100 of them, and as the cost has advanced greatly we can obtain no more of them. Weller-ware and Guernsey-ware casserole sets are very popular wedding presents in society weddings, and a very popular and useful article in the household. They are becoming almost unobtainable in genuine wares.
